Stephen Francisco of Montclair, N. J., the first dairyman to produce certified milk says "Its relation to Market milk is that of a leader."

These two men, the originators of certified milk, express it exactly. It is the highest possible type of milk and it leads all other milks.

We produce CERTIFIED MILK at our Model Dairy. Visit our dairy and see for yourself. If your baby is on cow's milk it should be fed certified milk. Ask your doctor.

Sale Made at Midland Is the Record For West Texas.

Midland, Texas, March 31.—Bull calves 10 days old that weighed but 50 pounds each, have been sold in Midland for \$50 each, or \$1 a pound. This is the record for calves in this section. The calves were sold by G. F. Cowden & Son to J. P. Dyer, president of the First National bank, of Baird, Texas, and is the second sale of the kind made to the Baird banker here. W. D. Mills, a Midland stockman, has bought 1900 two year old heifers from the Elmer ranch in south Texas, to be shipped here April 15. Mills has sold through W. M. Russell, of Lubbock, 600 cows to Iowa for May delivery.

Bob Hill has shipped two cars of fat stuff to Fort Worth.

George E. Elliott has shipped three cars of four year old steers to Fort Worth.

William Carlisle has bought from G. R. Brumley, of Dallas county, 240 three's at \$45 around. W. M. Douglas also has bought 300 head of stock cattle from Brumley.

Saliff & Son, of Brownsville, have been here buying cattle. They bought 445 steers of W. A. Hutchinson, and 254 head from Cowden & Dyer.

STOCK SHIPMENTS FROM VALLEY HEAVY

Thousands of Dollars Worth of Cattle and Sheep Handled Through Carlsbad Market Yesterday.

Carlsbad, N. M., March 31.—That thousands of head of cattle and sheep are yearly shipped from the lower Pecos valley to eastern markets and feeding grounds is the statement of George M. V. Cooke, cashier of the First National bank.

According to Mr. Cooke, a world of feed is raised on farms in the valley in addition to the herds of livestock, and he declares that the farmers and the stockmen should cooperate for mutual profit. He suggests that the cattle and sheep be fed at home, instead of being shipped to Kansas and Colorado for this purpose, in which event they would command a higher market price.

According to Mr. Cooke, the cattle business last year in the Carlsbad market totaled \$100,000, while \$125,000 represented sheep sales made here.

STOCKMAN PREDICTS SMALLER SHIPMENTS

Douglas, Ariz., March 31.—Fewer cattle from southern Arizona will be sold to northern buyers this year than for some years past, in the opinion of J. T. Hood of the firm of Hood & Hildner, a well known rancher. He says the ranges are not heavily stocked and that few cattle are available for export.

Practically no cows will be sold this spring. All are needed for breeding purposes. It is estimated that the southern Arizona shipments this spring will not total more than 30,000 head.

PORTS 1200 HEAD OF CHIHUAHUA CATTLE

William-Love Cattle company has shipped through Juarez from Chihuahua 1200 head of cattle. Of this number 500 were sent to pasture in west Texas, shipped to the market at Fort Worth and sold to Arville King, of Texas, and 365 head sold to George Jones.
